British Journal of Educational Technology

INDEX

Volume 20: January–September 1989

This index is a combined list of authors, titles and subjects of all articles and Colloquium contributions contained in Volume 20. Interspersed with these are the first-named authors/editors, titles and main subjects of books reviewed (excluding those listed as 'Also received').

Entries cite page numbers only; the pagination of each issue was as follows:

Number 1	(January)	1–80
Number 2	(May)	81–152
Number 3	(September)	153–232

academic staff
effectiveness 200–208
evaluation by students 200–208
Third World shortages 183–190
writing 216
